Amendment to the specification

Please replace the paragraph on page 3, lines 8-12 with the following amended paragraph:

It is an object of the present invention, therefore, to provide methods and systems that enable the sales cycle to close in a short period of time and that enable a flexible execution thereof. Other objects of the present invention are to provide ~~are~~ methods and systems that enable a rapid customization, prototyping and demonstration of software over a computer network such as the Internet.
